About Chez...

Determination, Drive, and an Unstoppable Spirit!

Chez will inspire your group with his music, global perspective, and story of escaping communist Poland in 1985 at age 25, crossing the Alps between Italy and Austria on foot in order to reach the refugee camp where he spent 6 months, and starting his new life in the USA with nothing—not even the English language. And eventually, becoming an educated man, a business owner, an award-winning writer and speaker, and a grateful citizen of our nation.

Through hard work and education, Chez immersed himself in the American culture and became a successful founder/owner of two businesses: Kids' Express Train, a company that enhances children's speech through music and fun through his award-winning songs; and 1Moment, LLC, his speaking and writing company.

His programs are of great inspiration and fun. They leave the audience with a feeling of empowerment and hope.

Business owner, father, speaker, writer and a "MAKE A DIFFERENCE DYNAMO!"
