## How do we do it?

Our students are growing in skill and competency. They asked for more!

So here we go with a one-day all out Keynote Creation seminar.

You will learn:

What it takes. How to put it all together? What goes where? How to end it.

### Our Simple Formula: 4 points

1. Hello! You wake up the audience with your opening words.
2. Deliver the goods. (Story, vignette, dialogue. Entertaining, capturing)
3. Imbed the points, content, meat, tough stuff, and the lesson.
4. Challenge! Ask the audience to carry the message.

**OUR GOAL IS TO HELP YOU PUT TOGETHER A 30+MINUTE KEYNOTE, SO YOU CAN ROCK!!!!**

\*\*\*\*And the SECRET is in the sauce. Mayo, Ketchup, spice, frosting, or pickles are your very own unique sayings, memorable mantras and slogans.

**We see things in seconds and make you genuine and impactful!**

Reserve your seat to today by registering from here:
