

Short and Sweet Introduction for Janie Jasin  
Sounds like JAY-NEE JAY-SIN

She is funny, serious, & experienced.

She has lots of replacements- 2 knees and one hip but her sense of humor is strong.

Her own grief journey with two parents, friends and losses are grounding for today's message.

Do not let the humor fool you- it is the spoonful of sugar that lets life's pains lessen.

To quote Fr. Robert White,

" Janie is a rare blend of what our overly serious and jaded world needs more of--- outrageous humor- Irish wit and mirth combined with a deep compassion for people and the real life struggles they have.

She connects leaving us laughing and ready for more.

She pulls you in and then leaves you feeling more alive and more excited about life than you care to admit.

Without knowing it the world is aching for more of what she has.

Please welcome JANIE JASIN
